

2022 AIRSAFE

Coming out of COVID **VIRTUAL COURSES**

Participate from anywhere in the world!

Can't make it to class but don't like computer-based-training?
Then join an Airsafe Virtual Classroom. It's just like being in class
(well almost) but in the comfort of you own home.

Courses in the Airsafe Virtual Classroom (VC) have maximum 2.5 hour sessions, with breaks every 45 minutes. Function specific competencies, like airline acceptance, can be provided in additional 45 minute sessions. With strict limits on the number of participants, you are encouraged to 'raise your hand' and put questions forward throughout the training – just as you would in a normal classroom environment.

Highlights

Comfort – Attend your desired DG course from the couch or in the office.

Copy of course materials – your reference material is available from your online student portal.

Certification management – Your certification is uploaded to your student portal forming a library for your qualifications.

Q&A with "expert" trainer – the chance to ask your questions relevant to your business to a qualified experienced DG Guru.

Cost-efficient – gain an understanding transport requirements for dangerous goods without leaving your office/home

Webinar limited to 20 attendees – to ensure that you can have your questions answered

Early bird bonus - book more than three weeks prior to course then course material is posted to participants

Pants are optional — but please don't stand up (*Refer: Dunedin virtual Council meeting guidelines*).

Courses available:

DG by Air

DG by Sea

DG by Road

Advance Handling - Load Distribution and Restraint

GHS - Hazmat Storage and understanding Safety Data Sheets

and more, just ask!
